

Kishnav Dalmia

Full-Stack Developer · MERN Stack · React · Python

08777632687 · kishnavdalmia123@gmail.com · Kolkata, West Bengal

WORK EXPERIENCE

Freelance Web Developer · The Brand Labs

May – Jun 2026

Remote

- Developed and deployed a responsive website using React.js, Tailwind CSS, FastAPI, and JWT authentication.
- Built secure authentication and API integration with JWT-based access control and FastAPI backend services.
- Designed modern, mobile-friendly UI components with Tailwind CSS to enhance user experience and brand identity.
- Optimized frontend performance and ensured seamless communication between React and FastAPI.

PROJECTS

TripVerse - Collaborative Travel Planning App

- Built using **React 19**, **Tailwind CSS v4**, **Node.js/Express**, and **MongoDB**.
- Aggregates group spending and calculates real-time cost shares per member.
- Chronological, interactive planner for group members to collaboratively schedule trip activities.
- Engineered **JWT** authentication with HttpOnly cookie-based refresh tokens and client-side route guards.
- Designed **Mongoose schemas** with nested `.populate()` calls to minimize API requests and improve load times.

RAG-it - Local RAG CLI Tool

- Built a local **RAG CLI** in **Python** that indexes unlimited local files across nested folders, generating vector embeddings stored in **ChromaDB** with 500-word overlapping chunks for precise retrieval.
- Integrated 5+ configurable parameters (model, top-k, ignore paths, chunk size) via **argparse** for flexible querying against locally-hosted LLMs via **Ollama**.
- Containerized with **Docker**, eliminating external API costs and reducing setup to 2 commands (make build, make index).

EDUCATION

B.Tech in Information Technology

Jul 2024 – May 2028

Vellore Institute of Technology · Vellore, India · GPA: 8.87

ISC Boards

Apr 2023 – Mar 2024

Sri Sri Academy · Kolkata, India · Score: 92.4%

ICSE Boards

Apr 2021 – Mar 2022

Sri Sri Academy · Kolkata, India · Score: 92.83%

SKILLS

Languages & Frameworks: JavaScript, Python, Java, React.js, Next.js, Node.js, Express.js

Databases: MongoDB, PostgreSQL

Tools & Platforms: Docker, TailwindCSS, FastAPI, ChromaDB, Ollama, JWT
